

# FAIRNESS + DIVERSITY + EQUALITY = JUSTICE FOR ALL

“Diversity to me represents everyone coming from different parts of the world and all different colors have equally valid opinions and views, and being able to work together. I put many different languages throughout my poster that say diversity. These languages consist of French, Portuguese, Japanese, Arabic, Latin, and Russian. In addition, all the languages are in different colors to represent” the different nationalities that “make up our community in Alaska. This leads me to the center of my poster where I drew a grizzly bear which are common in Alaska holding two equal plates. The plates contain the sign for women on the left and men on the right to represent the equality among both genders.”

Artwork and statement by Adam Edais, Grade 3, Sand Lake Elementary School, Anchorage, Alaska  
First Place, Category K-5, “Justice for All” Art Contest © 2020

“Justice for All” Art Contest sponsored by:
